dyson corrale

Half the hair damage.¹
Cordless. Smooth,
shiny results.

dyson corrale

OLED screen
Displays battery level, temperature setting and charging status during use.

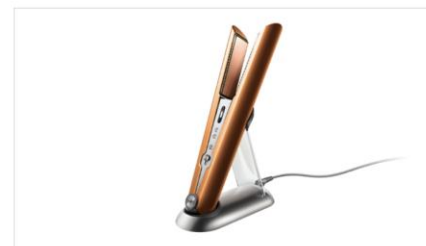

Creates a range of styles
The curved outer body is engineered to support curl structure, helping you create curves and waves - as well as sleek, straight styles.

Suitable for all hair types
Three precise heat settings (165°C, 185°C and 210°C) to suit your hair type, length and desired style.

Up to 30 minutes cordless styling²
Delivers the thermal performance of a corded straightener. Fully recharges in just 70 minutes.

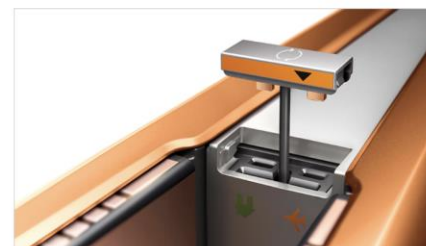

Charging dock
Neatly stores and charges your straightener. Placing your straightener in the dock between styling sections of hair helps to boost charge.

Style corded, for longer run time
To maximise styling time, start with your straightener fully charged and style with the cord.

Auto shut-off and Safety lock
Switches off after 10 minutes of inactivity for added peace of mind. Safety lock for immediate storage after use.

Ready to travel
Universal voltage and a Flight-ready feature let you travel abroad with your straightener.
