# Hair Straighteners

Get wow straight hair  
that feels like silk

## Why Philips Straighteners are the best choice for you!

### ThermoProtect technology

ThermoProtect technology distributes heat evenly across the plates, preventing overheating to protect your hair.

### Kerashine technology

Keratin-infused ceramic plates glide smoothly through your hair, for quick and easy styling & shinier hair.

### Multiple Temperature Settings

Lower temperatures for last minute touch ups and gentle styling. Higher temperatures for long lasting results and for super curly hair.

### SilkProtect technology

Enjoy style and care with the Philips SilkProtect technology providing silky smooth plates and less heat exposure.

### Ionic Care

Charged negative ions eliminate static, condition the hair and smooth down the hair cuticles to intensify the hair's shine and glossiness. The result is smooth, frizz-free hair with vibrant shine.

### Titanium infusion

Ceramic plates infused with titanium allow for fast heat transfer and smooth gliding through the hair, ensuring beautiful styling performance.
